Natural Gypsum

Product Description

Gypsum, the most common construction material, with chemical formula of CaSO_4 is mostly exploited from ancient sea bed mines. This mineral hardens easily and quickly when mixed with water ($\text{CaSO}_4 + 2\text{H}_2\text{O}$), usually called hydrous calcium sulfate. It is the mineral calcium sulfate with two water molecules attached. By weight it is 79% calcium sulfate and 21% water. Its chemical structure is composed of 23% calcium and 18% sulfur and with 150 times solubility compared with lime stone. These special characteristics make it a proper material with wide range of applications in agriculture, as base fertilizer, construction and other industry sectors, specifically for producing wide range of products, like in medicine, sculpture, decoration, gypsum plasterboard factories and prefabricated gypsum and by-product in many industrial processes. This mineral construction material appears in white and gray colors.

Advantages of K+ Natural Gypsum

- Stable quality with highest purity.
- FOB Delivery at Bandar Abbas port or EX- Works according to customer's wish.
- Punctual fulfillment of sales and supply obligations.
- Advanced production technology, expert quality control measures with latest machinery and crushing technology.
- Mines are located in Bandar Abbas and Semnan.
- Private depot area at Bandar Abbas, Iran.
- Production, supply and export of natural gypsum from Bandar Abbas, Iran to any other port in the region.

Common Usage

- Ceiling tiles, paints, jointing compounds.
- Calcined gypsum used as plaster.
- Plasterboard.
- Stucco additive.
- Filler and pigment.
- Glassmaking.
- Chemicals.
- Kitty Litter and Animal bedding.
- Water treatment.
- Sludge drying for stability and odor control.
- Cement production (reduces setting time).
- Water treatment.
- Salty soil treatment.
- Manure treatment.
- Flea powder – Recycled gypsum makes up over 90% of the inert ingredients in flea powders.
- Athletic fields – Gypsum or recycled gypsum is used to mark lines on sports field
